Mandatory Shell Space Design with Machine Placement for Approvals

1. Designing of Booth

- The construction of platform is not permitted for shell scheme Exhibitors. Any kind of Wood working is not permitted within the exhibition hall as well as your booth.
- Exhibitors using extra lights will have to apply for extra power and abide with the electrical safety guidelines.
- Shell scheme exhibitors are allowed to use only prefabricated modular fabric display system or posters only.

2. Approval of layout plans of stands

- Shell Scheme exhibitors must submit the design and drawing of their stall (floor plan & elevation) in 3D view(three-dimensional view) depicting position of exhibits, furniture, fittings, fixtures, brandings, office cubicles with complete dimensions in meters, in duplicate, to the Organiser for approval by 16 Dec 2024.
- Not more than 60% of the total space should be used for display of exhibits.
- Not more than 15% of the total space should be used for office area.
- A Minimum of 25% of the total space should be left open for free movement of visitors.
- All exhibits and machines should be placed in normal operating position as if on shop floor.
- No part of any exhibit/display should project out of the stand boundaries. Exhibits / machines / showcases / display podiums must be placed at least 0.7m away from the boundary of open sides of the stand.

Sample Shell Space Designs
